YOUR WAY TO US AT PROWEIN 2024

Hall 14 / C47

New Zealand – a country with an extraordinary image for its nature, people and high-quality wines. After having lived in New Zealand for two years and building relationships with some of the best wine producers of the country, we moved back to Germany in order to be closer to our customers. vinabonus GmbH was founded in 2014 and is specialised on importing and distributing high quality and hard-to-get wines from New Zealand.

New Zealand still represents a niche in most European wine markets although it offers consistently a high quality and unmatched flavours. This represents an excellent growth potential and point of differentiation for all channels. All wines are personally tasted and carefully selected by us.

Why do business with us

- Get unique wines to set you apart from your competition
- Enjoy a dedicated customer service
- Get the expertise of a New Zealand specialist with a close relationship to the producers
- Set new impulses through new discoveries on a regular basis

What we offer:

- Exclusively imported wines from New Zealand
- Easy access through our warehouse near Hamburg, Germany
- Broad assortment across the most important New Zealand wine regions
- Attractive margins

Our winery partners:

- High quality producers, some of the best in New Zealand
- Small to middle-sized family businesses
- Range of wines with top ratings
- Sustainable winegrowing

We are looking forward to a good business relationship with you.

TWR (Te Whare Ra)

Marlborough's oldest boutique wineries

Tony Bish Wines

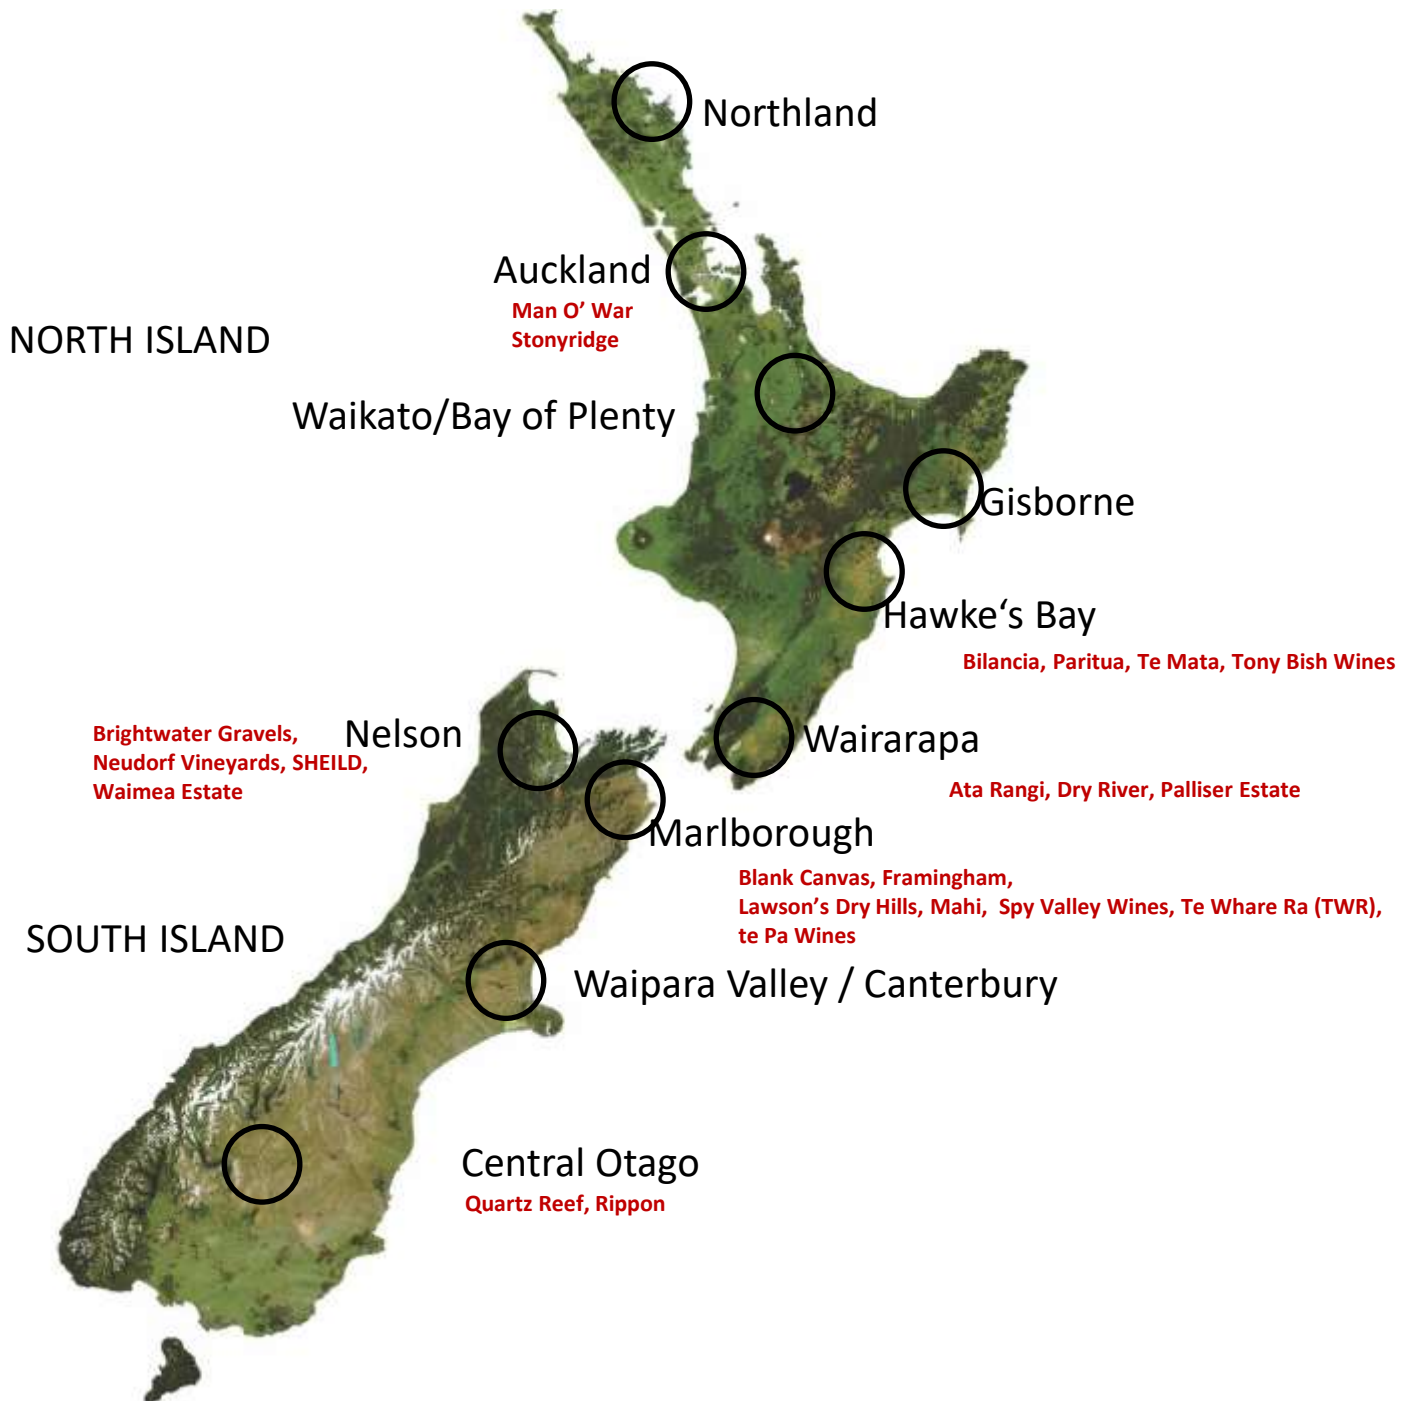

New Zealand's only Chardonnay specialist

Waimea Estate

Value for money with award-winning wines

NEW ZEALAND WINE REGIONS

ATA RANGI

MARTINBOROUGH, NEW ZEALAND

Ata Rangi, meaning “dawn sky” or “new beginning” in Maori is a small New Zealand winery with a renowned reputation for Pinot Noir. Located at the southern end of the North Island in the village of Martinborough, it is owned and managed by a family trio – Clive Paton, his wife Phyll and his sister Alison. Ata Rangi has an enviable **reputation as one of the New World’s most respected Pinot Noir producers.**

Clive planted his first vines on a small, stony sheep paddock at the edge of the Martinborough village in 1980 as one of a handful of people who pioneered winegrowing in the area.

Ata Rangi Pinot Noir is undoubtedly the flagship wine, and in 2010 was honoured with the inaugural Tipuranga Teitei o Aotearoa or “**Grand Cru of New Zealand**”.

With a skilled team in place, including dynamic winemaker Helen Masters, Clive now has more time to focus on his commitment to conservation and to the Ata Rangi alliance with Project Crimson.

Ata Rangi is part of the Family of Twelve. The Family of Twelve is a fraternity of twelve of New Zealand’s most prestigious and enduring artisanal wineries.

Reviews & Accolades:

BILANCIA

HAWKE'S BAY, NEW ZEALAND

Bilancia is a small Hawke's Bay producer of exceptional Chardonnay and Syrah. It is the label of husband and wife winemakers Lorraine Leheny and Warren Gibson and was established in 1997 when Lorraine and Warren returned to New Zealand from winemaking overseas. The first wines were released in mid 1998.

The word Bilancia (be-larn-cha) means, in Italian, balance, equilibrium and harmony. These terms have obvious connections with wine and winemaking, but also, Bilancia is the Italian word for the Zodiac sign Libra which the two winemakers were born under. Warren worked in Southern Italy for a number of harvests and the name came to him whilst reading his Horoscope in the Italian newspaper! The philosophy of balance, equilibrium and harmony is something that is carried through all aspects of the winemaking.

The viticultural central point for Bilancia is the 6 hectares (15 acres) of land covering the front and back of Roys Hill (west of Hastings on State Highway 50) where, planted only on the North - Northwest facing slope is the vineyard known as la collina (col-ee-na), which is Italian for "the hill". The upper most slopes and terraces are planted to Syrah whilst the lower gently rising land and gravels flat is planted to Chardonnay with eight rows of Viognier, Marsanne and Roussanne of the edge of the gravels. All fruit is sourced from Hawke's Bay vineyards: Syrah from la collina and Roys Hill, Chardonnay from la collina (Tiratore), Roys Hill and Otane (Central Hawke's Bay).

Reviews & Accolades:

BLANK CANVAS

MARLBOROUGH, NEW ZEALAND

Blank Canvas produces single vineyard, small batch fine wines. It is the vinous studio of winemaking duo, international winemaking consultant Matt Thomson, and Master of Wine Sophie Parker-Thomson. Seeking out exceptional single vineyard sites throughout New Zealand, Matt and Sophie craft distinctive and exciting small-batch wines that are the culmination of decades of global wine industry experience.

With over 50 vintages and 27 years of winemaking around the globe, Matt Thomson is one of the world's high profile flying winemaker. In 2013, he has created his own wine label. That experience, together with his degree in biochemistry, has given Matt a clear vision as to what constitutes good wine and how to make it.

Together with business partner and wife Sophie Parker-Thomson, Matt is striving to achieve the unique winemaking fusion between art and science, pushing the boundaries to capture a unique expression.

The Blank Canvas philosophy embraces using as little manipulation as possible to uphold, over everything else, the wine's sense of place. Wine-making influence from Europe is genuine, with both Matt and Sophie undertaking vintage in the Northern Hemisphere every year.

Reviews & Accolades:

BRIGHTWATER GRAVELS

NELSON, NEW ZEALAND

Brightwater Gravels has a focus on varietally pure wines that are **balanced, fresh and fruit driven with broad consumer appeal** that consistently over deliver on their value proposition.

Nestled between the Wai-iti and Wairoa rivers, the vines thrive in free draining alluvial soils with layered river silts. The riverbanks are hemmed by the native Kowhai tree with its prolific bright yellow spring flowers (New Zealand's national flower), popular with the abundant bird life.

Brightwater Gravels is accredited 100% sustainable. Sheep are used for grass and weed control. High sunshine hours and the cool, clear nights provide a slow ripening period that helps to retain the vibrant varietal flavours.

Winemaker Trudy Sheild creates the wines and brings in her experience of creating award-winning wines. The wines are carefully crafted, balanced, and consistently surprise with their complex tones, and polished finish. In addition, she creates new wines under the label SHEILD.

Kowhai:

The kōwhai is one of the best-known native trees in New Zealand and the country's unofficial national flower.

It is found throughout New Zealand in a diverse range of habitats. Native birds such as the tui, bellbird, kākā and New Zealand pigeon all benefit from kōwhai trees.

The flower of the kowhai is incorporated into the Brightwater Gravels logo.

DRY RIVER

MARTINBOROUGH, NEW ZEALAND

Dry River is one of the pioneers in Martinborough and one of New Zealand's cult brands. It was established 1979 by Dr Neil and Dawn McCallum. The first wines were bottled in 1984 and Dry River has since developed a reputation as one of New Zealand's most iconic pioneering wineries. The wines are largely sold by mail order and are not widely available through the retail trade. The winery is best known for **their small volumes of intense and mostly age-worthy wines all of which deserve iconic status.**

„Nature. Nurture. Knowledge.“ – this is the mantra of the winery. Fine wine is a combination of the characteristics of the Earth, and a unique knowledge of how to get the best out of this special place they call home.

Now led by winemaker Wilco Lam, Dry River achieves impressive concentration in all its reds by maintaining low yields and manipulating the vine canopy to expose the fruit to sunlight early in the ripening season.

The name Dry River was that of one of the earliest South Wairarapa sheep stations (around 1877).

Reviews & Accolades:

FRAMINGHAM

MARLBOROUGH, NEW ZEALAND

At the boutique winery in the Wairau Valley, the Framingham team crafts expressive, individual small batch wines with new world purity and old world complexity. The long-serving only sources fruit from the Wairau Valley, from both their own vineyard and carefully selected grower sites nearby.

The Framingham Rieslings are arguably the best in the country, the reputation cemented by a number of annual releases. Framingham does it all so well with Riesling, and notably with the likes of the 'Classic', 'Select' and 'Noble', which are recognised consistently as among the country's best in classical styles. The wines from their 30+ year old vines show off the estate's stony terroir in a distinctly Germanic fashion.

Nevertheless, Framingham is first and foremost a Marlborough Sauvignon Blanc producer. The vast majority of its annual 23,000 – 25,000 case production is dedicated to that variety. The Sauvignon Blanc is distinctly Marlborough with a mineral twist, crafted from many different batches from several diverse Wairau Valley sites.

Framingham is carefully pushing the boundaries in style, and the Framingham label is increasingly showing points of difference from mainstream Marlborough.

Reviews & Accolades:

NZ Winery of the Year 2018 & 2019; on the List Top Wineries of New Zealand 2018 -2023 – *Bob Campbell MW*

“New Zealand’s Master of Riesling...” – *Jamie Goode*

“the country's prime Riesling producer - indeed arguably the best producer of Germanic Rieslings (dry and sweet) outside Germany” – *Jancis Robinson MW*

Contender for 'Winery of the Year 2018'. “Dr Andrew Hedley ...is arguably this country’s best Riesling winemaker, his range of dry to sweet unmatched. However, Andrew has lifted the game with the funky ‘F-Series’ wines, so that they offer great interest as well as top quality.” – *Raymond Chan*

LAWSON'S DRY HILLS

MARLBOROUGH, NEW ZEALAND

Lawson's Dry Hills celebrated 30 years of winegrowing in 2021, and it is well-established as one of Marlborough's stalwart producers with a wonderful reputation for the quality of its wines, especially with Sauvignon Blanc and the aromatic varieties. The original company vineyard was planted in 1982 by Ross and Barbara Lawson, who launched the Lawson's Dry Hills label some ten years later, in 1992. Ross and Barbara Lawson are one of the pioneers in the New Zealand wine scene.

Their first vintage included Gewürztraminer. It was just fifteen tons and was managed by Ross from the old red tin shed on the property, which is still standing and forms part of the winery cellar door. Sadly, Ross passed away in February 2009. The company is now run by general manager and director Sion Barnsley, his family being shareholders from the start.

The team around winemaker Marcus Wright shows an open-mindedness with respect to winemaking styles. Marcus has been in the company since 2001. Lawson's Dry Hills is part of the Family of Twelve. The Family of Twelve is a fraternity of twelve of New Zealand's most prestigious and enduring artisanal wineries.

Lawson's Dry Hills has achieved carbon zero status having met the requirements of ISO14064 and received accreditation from Toitu. The winery is the only New Zealand wine producer to be certified with both ISO14001 and ISO14064. Lawson's Dry Hills was awarded winner of the wine industry category at the 2021 Cawthron Marlborough Environment Awards.

Reviews & Accolades:

Top Wineries of New Zealand 2018 -2023 – *Bob Campbell MW*

"Lawson's Dry Hills makes a very smart range of table wines with a strong emphasis on aromatic white varieties. They are consistently good and, on occasions, great..." – *Bob Campbell MW*

"Lawson's Dry Hills deserves a special mention, making superb white wines in a notable elegant and spare style." – *Joanna Simon, Sunday Times UK*

"OUTSTANDING WINERY regularly producing exemplary wines." – *James Halliday*

MAHI

MARLBOROUGH, NEW ZEALAND

Regional and single vineyard wines from Marlborough. Mahi, meaning 'our work, our craft', began in 2001, fulfilling a dream for Brian and Nicola Bicknell.

After embarking on vintages in Hungary, France and finally Chile, Brian and Nic Bicknell returned to New Zealand in 1996. There, he worked successfully as winemaker of Seresin Estate. Five years on in 2001 the ideas and discussions that formed Mahi were put into practice with their first vintage, and in December 2006 the purchase of the Mahi winery in Renwick was complete.

Mahi is all about a true reflection of its place. It is the way that it shows the differences between vineyards. To make wines in as natural a way as possible from great vineyards is the aim for the team. Brian's winemaking style for Mahi is to allow the vineyards to speak through the wines, with the wines being made in a very 'hands off' manner. The primary emphasis for all of Mahi's wines is texture, aiming for wines that give real palate satisfaction.

Since the first vintage in 2001 they have built together a group of growers who are committed to their land and to the wines that come from it.

Mahi is considered as a top producer of quality wines in New Zealand.

Reviews & Accolades:

MAN O' WAR VINEYARDS

WAIHEKE ISLAND, NEW ZEALAND

Perfect natural conditions together with high winemaking skills attribute to the success of Man O'War wines. Dramatic scenery and panoramic views are all around when you visit the island home of the Man O'War vineyards.

It was along this coastline that Captain James Cook came to anchor during his first voyage around the islands of New Zealand in 1769. Upon sighting the ancient stands of magnificent Kauri trees ashore, Cook noted in his journals that they would make ideal masts for the Man O' War warships of the Royal Navy. Thus the name Man O' War was bestowed upon this unique land.

Over two hundred years after Cook first sighted Man O' War, the Spencer family was convinced that world class wine could be grown here. Throwing caution to the wind the first vines were planted in 1993. Today Man O' War is still a family business and consists of 60 ha of vines planted in 76 individual hillside blocks, each with a distinct soil profile and microclimate.

Every single block bears the footprints, and sometimes the names, of those who transformed Man O' War's rugged hillsides into a spectacular patchwork of vines. Each block has been meticulously designed with different rootstocks, clones and planting densities to best match the specific terroir on offer. Each small parcel of vines is carefully tended and harvested by hand, then vinified separately, fusing classic Old World techniques with innovative New World ideas.

Reviews & Accolades:

Top Wineries of New Zealand 2018 -2023 – *Bob Campbell MW*

“Man O' War has established itself as one of the most serious winegrowers on Waiheke Island... Man O' War has helped make Waiheke Island wine accessible to the general consumer, while the flagship black-labelled wines have earned extremely high critical praise as among the finest examples from Waiheke.” – *Raymond Chan*

“Man O'War – sensational Syrah from New Zealand.”

NEUDORF VINEYARDS

NELSON, NEW ZEALAND

Judy and Tim Finn of Neudorf were one of the pioneers for wine in New Zealand when they started in 1978. They have successfully established themselves as one of the top producers in the country.

Great wines have a basis of fruit concentration, length and sense of place – characters which can be formed only in the vineyard. The team at Neudorf under Todd Stevens and assistant winemaker Simon McQuire believe their primary task is to grow grapes which express the site, to take the essence of that fruit and then preserve it as wine. On the way they may fine tune the balance and complexity in a number of ways but the aim is always to allow the site to speak.

For their important role in making New Zealand wine the success that it now is, Judy and Tim Finn have been awarded as „Legends of New Zealand Wine“ by the New Zealand International Wine Show.

Neudorf is part of the Family of Twelve. The Family of Twelve is a fraternity of twelve of New Zealand’s most prestigious and enduring artisanal wineries.

Reviews & Accolades:

“I cannot think of another New Zealand wine producer that has been making top wines across their entire range as consistently as Neudorf over three decades.”;

PALLISER ESTATE

MARTINBOROUGH, NEW ZEALAND

Palliser Estate is based in the renowned Martinborough area. The **first grapes were harvested in 1989**. Excellent ratings proof the perfect growing conditions in one of the best-known regions in New Zealand.

Palliser Estate is well established as a leading winery in the ultra premium grape-growing region of Martinborough. Martinborough's fertile and free-draining soil was created over the course of 20,000 years, as the Ruamahanga River and its contributing rivers exposed stony sub-soils, built up layers of alluvial river terraces and cast its silty river loam across the landscape. The vineyard has spread across **72 hectares** that produces predominantly Pinot Noir and Sauvignon Blanc, as well as Chardonnay, Pinot Gris and Riesling.

To continue to produce these great wines, Palliser puts a lot of effort to protect the environment. Excellent soil to produce excellent wines is only possible in a healthy, fertile environment. As a result, Palliser estate has developed a sustainable approach to the land. They closely monitor and minimise all the impacts the winery has on the environment – from the sprays applied in the vineyard to all the packaging materials used. In 2009, they **were the first CEMARS certified winery in the world**.

Palliser Estate is part of the Family of Twelve. The Family of Twelve is a fraternity of twelve of New Zealand's most prestigious and enduring artisanal wineries.

PARITUA

HAWKE'S BAY, NEW ZEALAND

Boutique, bespoke wines from the oldest gravels in Hawke's Bay. The winery lies in the heart of the acclaimed Bridge Pa Triangle wine region of Hawke's Bay, on New Zealand's North Island.

The vines were planted in 2003 and with 53 hectares planted in three phases: seventy percent is devoted to red varieties – Cabernet Sauvignon, Syrah, Merlot, Cabernet Franc, Malbec – with Sauvignon Blanc and Chardonnay completing the picture. Paritua's vineyard enjoys stony, free draining soils, long summers and crisp winters, which combine to produce exceptional quality grapes to craft the wines. These are boutique, bespoke wines from the oldest gravels in Hawke's Bay. The chief winemaker of the winery is Jason Stent. He has been with Paritua for 14 years. His passion is to create wines that respect the place and terroir where the vine grows. The flagship wine "21·12" is only produced in the best vintages.

The name Paritua is a tribute to the Paritua Stream, which meanders gently through the vineyard. Paritua means the meandering stream above the ancient river. The vineyard is planted over the historical riverbed of the nearby Ngaruroro River which flowed through pre the 1860s earthquake. It is a name that also acknowledges the connection with the land and the people of New Zealand.

QUARTZ REEF

CENTRAL OTAGO, NEW ZEALAND

Austrian-born Rudi Bauer is one of New Zealand's premier winemakers and has been **a force in New Zealand and international wine growing for more than three decades.**

Rudi Bauer is a two-time winner of the New Zealand Winemaker of the Year award. Rudi arrived in New Zealand in 1985 with degrees in viticulture and winemaking, joining New Zealand's oldest winery, Mission Estate, as assistant winemaker.

While Central Otago may be most famous today for its dramatic scenery portrayed in the Lord of the Rings movies, Rudi is helping ensure it is equally famous for its sparkling wines and Pinot Noir. **In 1989, he became Rippon Vineyard's first certified winemaker. The pinot noirs he created there sparked a pinot-revolution** and led to an increase of wineries in the region. In 1990, Rudi made **New Zealand's first sparkling base wine in Central Otago.** He was the first to see the huge potential that the sub-region of Bendigo offers for outstanding wines.

Rudi founded his own winery Quartz Reef in 1996. Quartz Reef produces sparkling and still wines of both finesse and power.

Reviews & Accolades:

RIPPON

CENTRAL OTAGO, NEW ZEALAND

The stunningly beautiful Rippon Vineyard is situated on the shores of Lake Wanaka, with views across the lake to Ruby Island and the magnificent snow-capped peaks of the Buchanan Mountains. Founded 1982 by the Mill's family, it is often regarded as the **most photographed vineyard in the world**.

Here, truly great wine is produced by one of the **Central Otago viticulture pioneers**. The sense of place is also mirrored in the deep care for the environment by the Mills family.

Lake Wanaka creates a unique environment. The temperance of this large thermal mass, coupled with the protective nature of Ruby Island further softens Rippon's microclimate.

All Rippon wines are issued from a **single vineyard**; no fruit is bought in from outside the property. Rippon wines are issued from **some of the oldest vines in the region**. 80% of the vineyard is planted on its own roots and is not irrigated.

Rippon Pinot Noirs spend two winters (15-18 months, depending on vine age and vintage) in barrel and are run into bottle without filtering or fining. Rippon Pinot Noirs, Rieslings & Gewürztraminer are cellared in bottle for one year before being released to the market.

SHEILD

NELSON, NEW ZEALAND

With a combined 50 years experience in the wine industry from Nelson, Marlborough and the World, winemaker Trudy Sheild and sales guy Blair Gibbs have created the SHEILD brand in 2021. Trudy Sheild brings an **extensive experience of producing award-winning wines**. With an adventurous spirit and an appreciation for the good things in life, they both love Nelson and all it offers. They present premium quality single origin cool climate wines that are vineyard balanced and character filled. Their wines express **vibrant flavours reflecting the soils, climate and unobtrusive winemaking** that time and confidence allow.

When the first colonial settlers moved into the Nelson region in the early 1800s, they discovered the indigenous Maori population were already gardening in the recognized perfect growing conditions. Early German settlers and the Clergy brought hops and grape vines to the region. The first commercial vineyards were established in the Moutere hills with the 'modern' wine industry gaining traction from the 1970s. Today, the local industry is vibrant and focussed on premium quality wines from carefully selected sites around the region.

Protected from the cold Southern Ocean storms by high rugged mountains on three sides and open to the impressive Tasman Bay to the North, Nelson is ideally situated for growing – everything. Nelson is blessed with geologically young mineral soils, free draining alluvial plains, clay hill slopes, abundant fresh clean water and some of the highest sunshine hours in New Zealand. The cool waters of the Tasman Sea ameliorate the summer peak temperatures and extend the growing season to promote balanced fruit development while retaining natural acidity and bright, clean fruit flavours.

SPY VALLEY WINES

MARLBOROUGH, NEW ZEALAND

The 1990s were a time of discovery and courage in Marlborough. Deep in the Waihopai Valley, Bryan and Jan Johnson had the audacity to establish 180 hectares of estate vineyards on land considered too hard, too dry and too unfertile for wine.

It was a venture that started with a passion for the land. This pioneering spirit established **one of New Zealand's most successful family-run wineries**, now exporting its wines to 35 countries.

Today, Spy Valley is **led by the second generation of the Johnson family, Amanda Johnson**. 100% New Zealand family owned and operated, its commitment remains to the land and to the people who tend it. They consider themselves simply as farmers at heart, nurturing soil and vine to cultivate the complexities in their wine. And they are mindful that it's their focus on sustainability which will ensure our guardianship of this land for generations to come.

They have a modern fully integrated winemaking facility, strong attention for detail and focus on quality in their wines made from eight different grape varieties.

The name Spy Valley derived its name from the presence of an international satellite base located just down the road from the estate - **Marlborough's very own spy base**.

STONYRIDGE

WAIHEKE ISLAND, NEW ZEALAND

Stonyridge is one of the most famous New Zealand wineries with a worldwide following. The small, exquisite winery from yoga lover Stephen White has a tiny small production from its 6 ha vineyard. The **Bordeaux Style Blend Larose** is one of the best in the world and has **beaten top French wines like Château Lafite in blind tastings**.

Stonyridge Vineyard is the ongoing dream of owner Stephen White. In 1981 Stephen returned to New Zealand after sailing a Whitbread Round the World Yacht Race, skippering yachts in the Mediterranean and Caribbean, and working at wineries in France, California and Italy.

Stonyridge is located at the same relative latitude as the southern tip of Sicily. Stonyridge is located in a gently north-facing valley, 1 km from both Onetangi Beach to the north and Putiki Bay to the south. It is sheltered from the cold southwesterly winds by Stonyridge, a long ridge running from one coast to the other.

A nearby rock quarry gives an indication of the soil type. The soil is a poor low-fertility Waitemata clay saturated with nodules of magnesium, manganese, and iron oxides. Magnesium is the central molecule of chlorophyll, essential for photosynthesis, much loved by grape vines and so often deficient in NZ soils. With the 1993 vintage, Stonyridge made the first Bordeaux five blend in the „New World“. In 2000, an elite French sommelier team put Stonyridge Larose 1996 as first equal with Chateau Petrus, Lafite Rothschild, Latour and Cheval Blanc in Grandes vins rouge du Monde (Les Editions du Bottin Gourmand).

Reviews & Accolades:

TE MATA ESTATE

HAWKE'S BAY, NEW ZEALAND

Established in 1896, Te Mata Estate remains family owned, producing internationally recognized wines exclusively from its Hawke's Bay vineyards. Te Mata has New Zealand's oldest working vineyards of chardonnay and cabernet.

Te Mata Estate was originally part of Te Mata Station, a large pastoral land-holding established by English immigrant, John Chambers, in 1854. A homestead and stables were built on the property in the early 1870's.

After returning from France, John Chamber's third son, Bernard, had the idea to plant vineyards on the north-facing hills around Havelock North. In 1892, Bernard Chambers planted vines on three parcels of hillside land above the homestead and began converting the original stables to ferment and mature these first Te Mata Estate Wines. Today, Te Mata Estate still uses those same three vineyards.

The Chambers family sold the property in 1919. Te Mata Vineyards was established and the property had two other owners until it was acquired by the Buck and Morris families in 1974 – the two families behind the modern interpretation of this historic New Zealand estate. 165ha is planted across four Hawke's Bay sub-regions. Te Mata was New Zealand's first estate with winery and vineyards accredited as Sustainable Winegrowing NZ.

The Mata is a specialist in full-bodied red wines. Red wines make 70% of the production. The most famous wines is the Coleraine, which is a New Zealand icon wine.

Reviews & Accolades:

TE PA WINES

MARLBOROUGH, NEW ZEALAND

Founder and owner of te Pā, Haysley MacDonald traces his ancestry back to the early Māori settlers who landed on Wairau Bar 800 years ago. This site became the earliest known settlement in New Zealand. Ever since then, the land at the Wairau Bar has been a source of sustenance and abundance to the people who call it home. The site is regarded as one of the most archeologically important places in the country.

The MacDonald family, descendants of the original tribe who arrived all those centuries ago, still call the Wairau Bar home. The large clan have taken a multi-generation approach to the caring for the land.

From cattle grazing, to potato farming, the fertile seaside soils of ‘the Pā’, as it’s known to the family, have been cultivated for many things over the years. In 2003 Haysley MacDonald and his family started a new adventure, converting their dairy and crop farm into vineyards and in 2011 te Pā was born. Since releasing its first vintage Sauvignon Blanc in 2011, the te Pā brand has grown to represent impeccable quality, true heritage and authenticity, and a drive to create new growth from ancient lands. Today, te Pā is rapidly growing internationally and now owning around 500ha across Marlborough.

Haysley is the driving force behind the TUKU collective. TUKU is the world’s first Māori winemakers collective, bringing together awarded Māori wine companies based on their shared values of the land, family and hospitality, together offering a wide range of premium varietals from the most famous wine growing regions of Aotearoa New Zealand.

TE WHARE RA (TWR)

MARLBOROUGH, NEW ZEALAND

Te Whare Ra (TWR), the „house in the sun“, is the oldest boutique winery in Marlborough. Established 1979 in Renwick, it has the oldest Riesling, Chardonnay and Gewürztraminer vines in Marlborough.

In 2003, TWR was purchased by the husband and wife winemaker team Anna and Jason Flowerday. Anna is a 6th generation winegrower from McLaren Vale in Australia and Jason is a 3rd generation kiwi winegrower with both parents and grandparents in the NZ wine industry.

Their aim is to grow great quality fruit which is balanced in all its components, and which requires minimal winemaking intervention once they get it in the winery. This means a cropping level which is strictly controlled. Anna and Jason do selective crop thinning at several key times during the growing season across all varieties, as well as very detailed canopy management.

There also is a big focus on soil health in the management of their 11ha vineyard. This is achieved through old school farming, composting, biodynamic preparations, selected mixed grasses in mid rows and looking after bees and biodiversity.

TWR is considered to be one of the prime producers of quality wines in Marlborough.

TONY BISH WINES

HAWKE'S BAY, NEW ZEALAND

Winemaker Tony Bish is a Chardonnay fanatic and, for many, the **Hawke's Bay King of Chardonnay**. Tony produces **premium wines made exclusively from Chardonnay**. As such, Tony is **New Zealand's only Chardonnay specialist**. Tony produces 6 different Chardonnay styles, that have all received wide acclaim in NZ and in key overseas markets.

Tony has had a long career in the NZ Wine industry, spanning 40 vintages and counting. He was Senior Winemaker and Founder of Sacred Hill Vineyards Ltd, a highly awarded winery with significant exports.

Tony Bish Wines was **established in 2014**, as an independent, high-quality family-owned business.

All Chardonnay's produced are sourced from vineyards within the Hawke's Bay region on the East Coast of the North Island, New Zealand. Tony has specifically selected unique vineyards based on soil type, management excellence, clonal selection and unique climatic aspects particular to each site. Tony is very involved in all aspects of viticulture for each site, working with growers to achieve the best expressions of each site to produce premium Chardonnays with regionality, inherent fruit quality and integrity.

Innovation is at the heart of all Tony does. He has built **NZ's first concrete egg fermenters** and produces two wine styles made with this unique methodology. Tony also **imported the first French Oak Ovum egg fermenter to the Southern Hemisphere**.

WAIMEA ESTATE

NELSON, NEW ZEALAND

Waimea Estate founders, Trevor and Robyn Bolitho **planted their first vines in 1993 on the stony alluvial Waimea Plains** in the beautiful Nelson region.

They now own **140 ha of vineyards**. The winery is renowned for its aromatic wines and accumulated right from the start a great number of awards, amounting to **over 150 gold medals and 27 trophies** over the years. In 1997 the very first wine, Waimea Sauvignon Blanc 1997, received the trophy for 'Best Sauvignon Blanc' at the Winestate Australasian Wine Awards.

Reflecting Nelson's warm maritime climate with cool coastal breezes, Waimea wines are approachable with a refined acid profile – and a history of winning trophies in NZ and abroad.

Waimea Estate is now part of the Savour Makers & Growers Group.

TERMS AND CONDITIONS

1. Applicability

These general terms and conditions of purchase are applicable, to the exclusion of all other conditions, previously made undertakings and agreements, including oral agreements, to all agreements between vinabonus GmbH and 'the buyer', as well as to all legal relationships which may arise as a result of such agreements between the parties in question, unless explicitly diverged from in writing in the purchase confirmation. In these terms and conditions, the term 'buyer' may refer to any person or legal entity who/which has concluded an agreement or wishes to do so with vinabonus GmbH. The term may also refer to the latter's agent(s), authorised representative(s), legal assignee(s) and successors.

2. Quotation requests and offers

An agreement only comes about as the result of a written purchase confirmation from vinabonus GmbH.

3. Delivery and delivery costs

The delivery costs are calculated on the day of delivery. The delivery times stated by us are non-binding. We are not liable for damage if the delivery is delayed or cannot take place due to unforeseen events. If an ordered vintage is no longer available, we reserve the right to deliver an equivalent or the following year.

4. Price

Our offers are subject to change. With the publication of the valid vinabonus price list, all previous offers and price lists lose their validity. Prices given by us are per bottle excluding taxes, VAT and shipping. Prices may change with new vintages.

5. Ownership, risk

The transport risk from our warehouse is always borne by the buyer, even if the delivery is freight paid. However, we will insure the goods.

6. Claims

When the goods are delivered, please check exactly whether the shipment is complete and undamaged. Be sure to have damage and shortages acknowledged on the waybill. Only if you have damage and missing quantities immediately acknowledged on the waybill when the goods are delivered can they be asserted against the insurance company and the shipping company. Notify us in case of damage. We will work with you to settle claims. Be sure to notify us even if the delivery is delayed so that we can investigate with the carrier.

Complaints can only be considered if you notify us in writing within 8 days of receipt of the goods and if you have damage and missing quantities immediately acknowledged on the consignment note when the goods are delivered. If the complaint is justified, we have the choice to make a replacement or to issue a credit note. Further claims, especially for damages, are excluded.

We do not replace individual corked bottles. Cork defects are an unavoidable risk for which producers are also not liable. No guarantee can be given for the condition of wines older than 10 years. The crystals in the wine is not a defect.

7. Payment

The delivery is always made against prepayment.

8. Default in taking delivery

If the agreed acceptance of goods is not made on time, we have the right to withdraw from the contract without setting a subsequent deadline. The buyer bears the damage we have incurred.

9. Applicable law and disputes, partial nullity

These general terms and conditions of purchase and the agreement(s) and other agreements which are referred to therein are subject exclusively to German law. All disputes which relate to these general terms and conditions of purchase and the agreement(s), which are referred to in these conditions, will initially be presided over by the competent court in the de facto place of business of vinabonus GmbH to the exclusion of any other court. If one or more provisions of these general terms and conditions of purchase appeared to be wholly or partially invalid, they shall be interpreted in such a way that they approximate the content of those provisions as closely as possible. In such cases, the other provisions remain in full force.

The scale of prices apply to any mixed or unmixed orders as long as stock lasts. Prices might change with new vintages and until new price list is published.

All prices are net, excluding tax, duty and shipment. Shipment costs will be according to quote.

Due to distribution agreements, not all wines might be available in all countries.
